

Complete concrete work added to world class buildings in the heart of Cass County

Heartland companies based in Cass County expands by acquiring two new companies to compliment their Worldwide Steel buildings company located in Peculiar MO.

www.worldwidesteelbuildings.com.

Michaels basement Co. founded in 1969 and located on 7HWY in Pleasant Hill MO has a long standing reputation for doing quality foundation work at a fair price. Along with residential foundations and waterproofing Michaels has expanded into doing stem walls and retaining walls working hand in hand with its sister company Worldwide Steel Buildings. Additional information on Michaels Basement can be found on their web site

www.michaelsbasement.com .

To round out the requirements for concrete work Heartland has also acquired GMP Flatwork formally based in Archie MO. now relocated to Pleasant Hill. GMP does flatwork and decorative concrete ranging from patios, driveways, and basements floors along with any other type of concrete work required. The addition of GMP has aided Worldwide Steel Buildings in delivering a complete package using local contractors for erection. Additional information on GMP can be found on their web site at www.gmpflatwork.com .

All Heartland Companies share a common mission to become the leading supplier in the residential and commercial markets. More information on Heartland can be found on their web site at www.hrtmfg.com .
